CAP Course Outline Recommendations
Principles and Practices of Teaching Young Children (Revised August 2021)

Course Description:
Historical contexts and theoretical perspectives of developmentally appropriate practice in early care and education for children birth through age eight. Explores the typical roles and expectations of early childhood educators. Identifies professional ethics, career pathways, and professional standards. Introduces best practices for developmentally appropriate learning environments, curriculum, and effective pedagogy for young children including how play contributes to children’s learning, growth, and development.

Student Learning Outcomes:
2. Explain how foundational knowledge of child development and learning theories inform environments, pedagogy, and interactions in early care and education settings.
3. Identify the roles, requirements, and responsibilities of early childhood teachers as professional educators.

Objectives:
1. Describe historical and current issues and global approaches for early care and education.
2. Differentiate between various types of settings in relation to the ages served, regulations, and teacher requirements.
3. Identify the roles and responsibilities of an early childhood educator for curriculum and teaching, family engagement, ethical practice, and professional interactions with others in the classroom.
4. Identify and compare the developmental stages and needs of children, birth through age eight.
5. Describe Developmentally Appropriate Practice.
6. Explain the role and value of play.
7. Compare and contrast principles of positive guidance and interactions.
8. Explain how theories of learning and development guide early childhood environment design, curriculum, and teaching strategies.
9. Explain the ongoing curriculum cycle of observation, planning, implementation, and assessment.
10. Identify supports for first and dual language learners in developing English language and literacy skills including support for the home language.
11. Develop an initial personal philosophy of early childhood teaching

Course Content and Topics:
1. Historical and Current Approaches
   a. Theories of development and learning
   b. National and international philosophies of education and care
   c. Types of Programs
i. Ages served
ii. Governance, licensing, and regulations
iii. Teacher requirements
d. Developmentally Appropriate Practice
e. State and national standards for quality and content

2. Introduction to the Profession of Early Childhood Teaching
   a. Teacher’s Knowledge of
      i. Child development
      ii. Teaching strategies
      iii. The academic disciplines they will be teaching (e.g., language and literacy, the arts, mathematics, social studies, science, technology and engineering, physical education)
      iv. Content standards
      v. Professional and ethical conduct
   b. Teacher’s Personal Qualities
      i. Flexibility
      ii. Tolerance
      iii. Patience
      iv. Critical thinking
      v. Physical ability
      vi. Mental health
      vii. Self-Reflection
      viii. Awareness of personal attitudes and bias
   c. Teacher’s Role
      i. Relationships and interactions with children, families, and others
      ii. Planning and evaluating curriculum
      iii. Intentional Teaching
      iv. Creating supportive environments
      v. Cultural competency
         1. Dual Language Learners
         2. Families
         3. Staff
      vi. Communication strategies and purposes
         1. Teacher-child interactions and focused conversations
         2. With families as partners
         3. Positive guidance
         4. Supervision of other adults in the classroom
   d. Professional Growth
CAP Principles and Practices of Teaching Young Children (cont’d)

i. Philosophy of teaching
ii. Professional Development
iii. Professional Memberships and Affiliations
iv. Career Pathways

3. Children’s Development Birth through Eight
   a. Physical
   b. Cognitive
   c. Language
   d. Social
   e. Emotional
   f. Influences on development
      i. Heredity and Environment
      ii. Families
      iii. Culture
      iv. Teachers
      v. Communities

4. Introduction to Developmentally Appropriate Teaching and Learning Environments
   a. Elements of Early Childhood Environments
      i. Indoor and outdoor design and uses of physical space
      ii. Routines
      iii. Equipment and materials
      iv. Emotional climate
      v. Relationship to curriculum goals
      vi. Impacts on behavior
      vii. Health, safety, and nutrition
      viii. Family involvement spaces
      ix. Adjusting for ages, abilities, and interests
      x. Staffing/Zoning
   b. Early Childhood Teaching
      i. Introduction to developmentally appropriate approaches
      ii. The ongoing cycle of observation, planning, implementation, and assessment
      iii. Effective pedagogy for young children
          1. The importance of relationships
          2. Play-based teaching and learning
             a. Teacher-guided
             b. Child-initiated
          3. Positive guidance and discipline
          4. Typical learning trajectories in different domains of development and their implications for curriculum design
          5. Supports for dual language learners
          6. Modification for individual needs
